OUR MISSION STATEMENT:

Eleged Group Home provides our residents and their families with the highest quality, comprehensive home health care services. We believe in assisting our residents to achieve their individualized goals related to health, independence, and over all well-being. - **Quality of care is our passion.**

Our caregivers are the heart and soul of our company. As such, we have a team dedicated to recruiting, screening and training the very best caregivers to take care of your loved one. We conduct thorough background checks and continues training aligned with our residents need.

WHY CHOOSE ELEGED GROUP HOME?

The following is just a partial list of our services which can be customized to the specific needs of you or your loved one:

- Industry-exclusive background screening
- Drug-free and alcohol-free home
- All care supervised by nurses
- High standards and consistent oversight
- Care is focused on safety and risk reduction
- Extensive caregiver training using both
- E-learning and hands-on instruction methods
- Individualized Assessment and Care Planning
- Wide range of fully-customizable services to meet the unique and specific needs of residents
- 24/7 on-call skilled nursing customized to your specific needs and always provided under the direction of your physician

The care team's goal is not just matching clients to the caregivers, but working with families to create personalized care plans that ensure optimal quality of life for their loved one.

- Medication and treatment administration
- Medication monitoring and setups
- One-on-One socialization
- Group socialization and activities
